

# Andrea Rotesi

## Full Stack Engineer

Florence, Italy • [andrearotesi@gmail.com](mailto:andrearotesi@gmail.com) • [LinkedIn](#) • [Website + Portfolio](#)

---

Ciao! I'm Andrea, a Full Stack Engineer with a vibrant passion for coding, design and travelling. I love to push my limits with coding projects and I work on my bachelor's in my free time to pursue my dream of becoming an amazing coder. My preferred technologies are Angular and React. I also love CSS for some reason.

## EXPERIENCE

---

### Full Stack Engineer AODocs

June 2023 - Present • Remote

- Developed and maintained projects for major global clients, integrating them with AODocs across Google Cloud's stack.
- Created and maintained Angular and React applications as well as Java and Python code with a deep focus on performance.
- Operated with great autonomy, translating high-level pitches into fully functional applications and features mostly using Angular and Spring, with a great focus on the frontend.

### Junior Full Stack Engineer Lascaux

September 2019 - June 2023 (3 years 10 months) • Hybrid

- Created and maintained Angular libraries used company-wide in virtually all projects.
- Mentored junior devs and interns, held lessons on basic functionality of web services and frontend in Lascaux's internal academy.
- Developed features for many consulting projects with many different scopes and sizes, ranging from 20+ micro services to small monolithic applications, mostly using Angular and Spring, with a focus on Angular.

## EDUCATION

---

### Bachelor (B. Sc.) in Computer Science Università Telematica Pegaso

2023 - Present (2026 Prediction)

- Attending university as a full-time Software Engineer to improve my skills and satisfy my curiosity for the topic.
- Algorithms and Data Structures, Programming, Data Science, Virtual Reality, Web Technologies, Cloud Computing.

### Technical Diploma in Programming (92/100) I.S.I.S. Valdarno

2014 - 2019

- Programming, Databases, Security, Networking. Top student in English.
- Robotics club as coder, CAD design group.

## LICENSES & CERTIFICATIONS

---

**Expert Angular Developer** - Angular Training

**Cambridge Advanced Certificate in English (C1)** - University of Cambridge
